## **Standing Innovation: The New Classen Stand-Aer Aerator**

Schiller-Pfeiffer, Inc., manufacturer of Little Wonder, Mantis and Classen branded landscaping, gardening and turf care equipment, presents a completely new concept in aerating with the Classen SA-25 Stand-Aer. This ride-on unit provides total aerating control with ease of operation, increased productivity and virtually no operator fatigue. Just one ride on the new Stand-Aer Aerator and you'll notice the impact this aerator has on turf, but more importantly what impact this aerator doesn't have on your body!

With a 24-inch operational turning radius (zero turning radius when tines are not in use), this self-propelled aerator offers an operational and transport speed of up to 4.7 miles per hour. That translates into over 50,000 square feet per hour (50,407 sq. ft. to be exact). The core depth is controlled hydrostatically up to 3 inches and the unit's 36 tines offer a hole-pattern of 4.06 x 7 inches and an aerating width of 24.375 inches. The Stand-Aer Aerator features specially designed rear wheels, which raise and lower to prevent tipping and drive-up loading.

The new Classen Stand-Aer Aerator is powered by a 13.0 hp Honda OHV engine and easily fits through a thirty-six inch gate.

*The new Classen SA-25, Stand-Aer Aerator*

### **Features of the Classen SA-25 Stand-Aer Aerator:**

- Split drive technology permits operator to steer, turn, and aerate non-stop without raising the tines out of the ground
- Hydrostatic tire and tine drive
- 24.375" aerating width for maximum coverage of 50,407 sq.ft./hr.
- 36 tines for coring depth up to 3" and hole pattern of 4.06" x 7"
- Maximum transport/aerating speed of 414 ft/min or 4.7 mph
- Hydraulically raise and lower tines
- Non-Aerating zero turning radius (ZTR)
- 24" approximate aerating turning radius

Classen products are now available through over 3,500 Little Wonder and Mantis commercial sales dealerships nationwide. To find out more about Classen, Little wonder & Mantis products, or to find a dealer in your area, please visit [www.littlewonder.com](http://www.littlewonder.com) or call Little Wonder (toll-free) 877-596-6337.

## Classen SA-25 Stand-Aer Aerator Specifications:

Total Weight	880 lbs.
Length	55"
Width	36"
Height	51.5
Aerating Width	24.375"
Max. Sq. Ft. Per Hour	50,407
Tines (3/4" Heat Treated)	36
Hole Pattern	4.06" x 7"
Coring Depth	Up to 3"
Max. Transporting/Aerating Speed	414 Ft. Per Min. (4.7 MPH)
Turning Radius (Non-Aerating)	Zero (ZTR)
Approx. Turning Radius (Aerating)	24"
Engine	13.0 HP Honda OHV
Drive Direction (Forward & Reverse)	Hydrostatic
Tire & Tine Driven	Yes
Separate Throttle Control	Yes
Front Swivel Tires (Foam Filled)	Yes
Rear Drive Tires (Foam Filled)	Yes
Hydraulic Tine Control (Raise & Lower)	Yes
Hydraulic Rear Wheel Control (Raise & Lower)	Yes

- END -
